

Coca-Cola India

13 Plants located across India

Project

Coca-Cola India

Client

Hindusthan Coca-Cola Beverages Pvt. Ltd.

Value

INR 2836 Million

Assignment

Design & Construction

Completion

May 2000

Bovis Lend Lease contributed to the Design, Construction and Management of 13 Coca-Cola Bottling Facilities across India. The contract comprised the Design, Management and Construction of the building infrastructure, mechanical and electrical services for the plants.

The quality standards adhered in these projects are a benchmark in India. Though severe problems in terms of terrain, local conditions & authority clearances were encountered, the smooth execution of the Project and Handover of the project was not affected. All projects were on schedule and were highly appreciated by the client.

The projects were handled in 2 phases:

The Phase I projects were:

| Project | Completion Date |
|--------------|-----------------|
| 1. Hyderabad | March 1998 |
| 2. Bangalore | March 1999 |
| 3. Vijaywada | March 1999 |
| 4. Goa | February 1999 |
| 5. Delhi | March 1999 |

- The Wada Bottling facility is the largest bottling unit in Asia with 5 lines.
- The facility at Vijaywada is the fastest project in terms of completion and handover.

The second phase includes the following:

| Project | Completion Date |
|--------------------|-----------------|
| 1. Jaipur | January 2000 |
| 2. Siliguri | April 2000 |
| 3. Vizag | May 2000 |
| 4. Delhi-Expansion | April 2000 |
| 5. Orissa | April 2000 |
| 6. Wada, Mumbai | March 2000 |
| 7. Chennai | May 2000 |
| 8. Pune | March 2000 |

- The effluent treatment systems at these plants are State of the Art.

The bottling facility at Jaipur was completed in a world record time of 180 days – commissioning and successful production. This helped the client earn a revenue of 60 crores from Sales tax benefits.
