

AMC Festival Walk 11 Hong Kong

Project
Multiplex Cinema Fitout

Client
AMC Entertainment International, Inc.

Value
US\$6.5m

Assignment
Project and Construction Management

Bovis Lend Lease, as part of a regional construction services agreement, provided Construction Management services for the interior fit-out of the new 11 screen multiplex cinema in the new Festival Walk Retail Centre in Kowloon Tong, Hong Kong. Due to delays in the construction of the base building and the requirement to open for the Christmas season, the construction schedule was greatly compressed which presented great challenges for all project team members. None-the-less, the project was delivered in time for Christmas and under budget.

"I want to take this opportunity to express my appreciation for the diligent professional services

provided by Bovis to assist AMC in successfully launching our first megaplex cinemas in Asia.

This has been a particularly difficult project from the beginning, and we were fighting an uphill battle from the start. I want to commend your team for their hard work and management skills to achieve an extremely tight budget and schedule.

In addition, your team in Taiwan, Korea and the Philippines has been most helpful in developing our projects in those markets."

John Ho, Director of Design and Construction - Asia, AMC Entertainment International, Inc.
