Assignment

Construction Management

Bovis Lend Lease is managing the three-year expansion program involving the construction of 100 new branches.

Bovis Lend Lease is supervising the demolition, bid package preparation, construction and installation. Also, as client representative, Bovis Lend Lease has extended its management participation to the directly contracted suppliers.

The construction duration for each branch is approximately 50 days. Along with the client, Bovis Lend Lease has implemented its safety, health and environment program including its incident and injury free policy.
