### Olive Grove Tower – Istanbul, Turkey

**Client**

Dogus Yapi Sanayi A.S..

**Value**

US \$50 million

**Completion**

2000

**Assignment**

Project Management

A new 22 storey office block tower, with 7 levels of basement car parking, located in the centre of the business district of Istanbul that affords uninterrupted views of the Bosphorus.

Externally, the structure is clad with the distinctive Indiana limestone. It's interior fitout specifications have been tailored to meet the particular business needs of the incoming tenant, Garanti Bank.

The client seconded Bovis Lend Lease to provide international Construction Management expertise to their project team. The client also benefited from our design and project management skills, as the role also demands close liaison with the American design team.
